## Notification of Student Rights under FERPA for Postsecondary Institutions

The Family Educational Rights and Privacy Act (FERPA) afford students certain rights with respect to their education records. These rights include:

(1) The right to inspect and review the student's education records within 45 days of the day the Academy receives a request for access.

A student should submit to the Financial Aid Office, a written request that identifies the record(s) that student wishes to inspect. A Financial Aid official will make arrangements for access and notify the student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the Academy to amend a record should write the Academy official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the Academy decides not to amend the record as requested, the Academy will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to provide written consent before the Academy discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The Academy discloses education records without a student's prior written consent under the FERPA exception for disclosure to academy officials with legitimate educational interests. An academy official is a person employed by the Academy in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the Academy has contracted as its agent to provide a service instead of using Academy employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Governing Board; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another academy official in performing his or her tasks.

An academy official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the Academy.

Upon request, the Academy also discloses education records without consent to officials of another institution in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Academy to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office

### **CREDIT FOR PREVIOUS TRAINING**

Acceptance of hours from other approved schools and institutions is at the sole discretion of Prestige Health & Beauty Sciences Academy. Students who have had prior training must furnish proof of the number of hours of training to the Academy. Transfer hours from another institution that are accepted toward the student's educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. The Academy only accepts transfer students under certain conditions. Students who discontinue their training program are eligible to transfer allowable hours, providing certain Academy obligations have been satisfied.

### **NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION**

The transferability of credits you earn at Prestige Health & Beauty Sciences Academy is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the diploma or certificate you earn in any program at Prestige Health & Beauty Sciences Academy is also at the complete discretion of the institution to which you may seek to transfer. If the diploma or certificate that you earn at this institution is not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals.

**FINANCIAL AID INFORMATION**  
**FINANCIAL AID ELIGIBILITY REQUIREMENTS**

In order to qualify for financial aid, you must meet the following criteria:

- Demonstrate financial need (except for certain loans and scholarships)
- Be a U.S. citizen or eligible noncitizen with a valid Social Security Number (SSN)
- Be working towards a degree or certificate in an eligible program
- Not currently enrolled in high school
- Have earned a high school diploma or General Equivalency Diploma (GED)
- Register with the Selective Service if you are a male between the ages of 18 and 25
- Maintain Satisfactory Academic Progress (SAP) while attending Prestige Health & Beauty Sciences Academy
- Not be in default of student loans
- Use federal and state aid for educational purposes only

**FINANCIAL NEED**

Federal Student Aid is awarded on a need basis for each applicant. Need is the difference between the cost of your education (education expenses such as tuition, fees, room, board, books, supplies, and other expenses) and the amount the student and his/her family can afford to pay.. A standard formula used for all applicants determines this amount, which is called the Expected Family Contribution (EFC). The information you report on your aid application is used in calculating your contribution. The amount left over after subtracting the expected contribution from your cost of education is considered your financial need.

**FINANCIAL AID AWARDS**

This is determined by the standard formula established by the U.S. Department of Education. Need is determined by evaluating the information from the Free Application for Federal Student Aid (FAFSA). Factors such as income, assets and benefits are considered in determining the student's financial needs.

The student must complete the Free Application for Federal Student Aid (FAFSA).. To determine if you are eligible, the Department of Education uses a standard formula, revised and approved every year by Congress, to evaluate the information you report when you apply for a Pell Grant and/or Direct Loans. Using a formula guarantees equal treatment for all applicants.

The school will input your application and give you an award letter. After you have begun classes, the school will then receive and credit your award disbursements to your account ledger, until your school account is paid in full, and the student will receive receipts accordingly. The school receives the student's award in two to three payments (depending on program length), one at the beginning of school, and the second after one-half of their academic year has been reached, or after one-half of their program hours has been reached, which ever applies.

**VERIFICATION PROCESS**

If an applicant is selected for verification through the central processing center, the Financial Aid office will advise the student about the verification process, have them sign the verification procedures documents and worksheets and then we will furnish them a copy. The original documents will be maintained in the students financial aid file. After all required documents are collected and forms are signed the Verification Packet will be sent to our third-party servicer for processing.

**Our current third-party servicer is Webber & Associates, Inc.**

## PRESTIGE HEALTH & BEAUTY SCIENCES ACADEMY

### SATISFACTORY ACADEMIC PROGRESS POLICY

A student must maintain satisfactory progress in both attendance and academics for continued enrollment in this academy. Satisfactory progress complies with all laws and regulations applicable to the academy. Students receiving any Federal Title IV financial aid funds must maintain satisfactory progress in order to remain eligible.

#### **DEFINITION**

Students must satisfactorily complete a minimum number of hours (percent of work) toward their educational goals, based on time increments, and complete their course of study within 1½ times the normal time frame for completion. The Academy defines its academic year as 900 hours and 26 weeks. A student's academic progress in a program is reviewed to determine if a student is eligible for a subsequent Title IV payment at the point when the student's actual clock hours for the payment period have been completed. In order for the student to be eligible for the next payment, the Academy must determine that the student has successfully completed both the clock hours and weeks of instructional time required for that period.

At Prestige Health & Beauty Sciences Academy, minimum satisfactory progress is defined by the following criteria:

1. A grade point average of 75% and above, and
2. An attendance of a minimum of 70% of the contracted time frame per week

Students who meet the minimum requirements for attendance and academic performance are considered to be making satisfactory academic progress until the next evaluation point.

#### **SATISFACTORY ACADEMIC PROGRESS**

Satisfactory academic progress is determined by theory and practical grades averaged together. Theory and clinic work are both graded on the following scale:

100% to 94% is an	<b>A</b>
93% to 85% is a	<b>B</b>
84% to 75% is a	<b>C</b>
74% and below is a	<b>D (FAIL)</b>

Theory grades are based on test grades and homework assignments. The practical grades are based on the following criteria:

- 1) Student is able to satisfactory complete all work assignments.
- 2) Student is able to communicate with instructors, clients and other students.
- 3) Student is able to perform practical tasks using required equipment.
- 4) Student's participation in practical hands-on classes as offered by the Academy and outside educators.
- 5) Student follows Academy rules, demonstrates responsibility and professional ethics.

The 75% passing grade is constantly monitored. Students falling below the minimum average are encouraged, and given the opportunity, to retake an exam for which they have received a failing grade.

Written progress reports are maintained by the Academy. These progress reports are distributed at the time of the students' Satisfactory Academic Progress evaluation point for their specific program or at minimum two (2) times during their program. Additional progress reports may be issued to students as requested or on an as needed basis determined by the instructor. A written report is kept and will be presented to any student who requests this record in the future.

## **SATISFACTORY ATTENDANCE PROGRESS**

**MAXIMUM TIME FRAME:** The maximum time frame a student has to complete any course is 1½ times the course length. Transfer hours from another institution that are accepted toward the student's educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. Time frame is calculated based on the period of time reflected on the enrollment contract. Leaves of absence are not included in this total. Should a leave of absence be granted, the student's maximum time frame for completion would be adjusted accordingly. Students re-enter at the same status as when they left.

Students who fall below the standards at the Satisfactory Progress evaluation point for their actual hours will be placed on Warning. A student is considered to be making unsatisfactory progress while on Warning but is still eligible for Financial Aid. If the student does not improve either grades and/or attendance by the end of the evaluation point, they will be ineligible for financial aid.

## **COURSE INCOMPLETES, REPETITIONS AND WITHDRAWALS**

Course incompletes and non-credit remedial courses do not apply to this institution and have no effect upon the institution's satisfactory academic progress standards. Repetitions and withdrawals have no effect on the student's satisfactory progress status.

**Unofficial withdrawals** for clock hour students are determined by the school through monitoring clock hour attendance at least every thirty (30) days. Because we are required to take attendance, a student's "withdrawal date" is always the "last date of attendance" as determined by the school from its attendance records.

## **WITHDRAWALS/RE-ENTERING**

Any student who withdraws from his/her contracted program or fails to complete his/her training, will have a notice placed in their student file, as to the progress at the point of withdrawal. A student making satisfactory progress at the point of withdrawal may apply for re-enrollment at the school up to within 180 days from the date of interruption and will be considered to be making satisfactory progress at the point of reentry.

A student failing to meet minimum satisfactory requirements at the point of withdrawal will be placed on probation for one (1) month when accepted for re-enrollment. (Non-credit remedial programs have no effect upon a student's satisfactory progress status in this school.

## **LEAVE OF ABSENCE**

School permits students to request a leave of absence (LOA) as long as the leave does not exceed a total of 180 days during any 12-month period, starting from the first day of the first leave, and as long as there are documented, legitimate extenuating circumstances that require the students to interrupt their education. A student requesting a leave of absence must submit a request in writing or in person in advance of the leave. In order for a student to be granted an LOA, the student must sign and date completed ENROLLMENT AGREEMENT ADDENDUM.

*STUDENT WOULD RE- ENTER IN THE SAME PROGRESS STATUS AS WHEN THEY LEFT.*

**ANY STUDENT RECEIVING TITLE IV HEA PROGRAM FUNDS WHO HAS BEEN GRANTED AN APPROVED LEAVE OF ABSENCE:** IS NOT CONSIDERED TO BE WITHDRAWN FROM SCHOOL; WILL NOT BE CHARGED ANY ADDITIONAL FEES AS A RESULT OF THE LOA AND TITLE IV FUNDS WILL NOT BE CREDITED TO THEIR ACCOUNT OR ANY LOAN PROCEEDS RELEASED TO THEM DURING THEIR LOA. THE MAXIMUM TIME LIMIT FOR A STUDENT TAKING A LEAVE OF ABSENCE IS 180 DAYS IN ANY 12-MONTH PERIOD.

### **APPEAL PROCESS**

Students who wish to appeal the determination that they are not maintaining satisfactory progress must submit a letter to the Academy Manager or Director of Education within 10 business days of receiving the notice of Warning. The letter should list any mitigating circumstances, which in student's opinion deserve further consideration. It also should state in as much detail the changes that will allow the student to achieve Satisfactory Progress by the end of the next payment period. Examples of mitigating circumstances may include family or medical emergencies, military or National Guard services, other similar situations, for which the student either by choice or omission has not requested a Leave of Absence. An appeal decision will be made and the student notified accordingly. Should an appeal decision be in student's favor, the student will be placed on Probation for the following payment period and Financial Aid will be reinstated. A personalized Improvement Plan to ensure the student is able to meet Satisfactory Academic Progress by the end of the probationary period shall be implemented. A copy of the student's improvement plan will be kept in the student's file. The student must be achieving Satisfactory Progress at the end of the probationary period or all Financial Aid will be terminated.

In the case of an adverse determination of the student's appeal, the student will remain on probation, and must cover tuition payments in cash. If payment arrangements cannot be made, the student will be terminated from the program. Cash paying students can re-establish eligibility for financial aid by achieving the minimum satisfactory progress by the end of the payment period. The Financial Aid department will then request the appropriate Federal funds in their behalf for the next payment period. Failure to re-establish Satisfactory Progress will result in termination from the program.

## **Return to Title IV Policy**

For any Title IV recipient who withdraws from an eligible program of study after entering the school and completing up to 60% of the payment period, the statutory return of the Title IV funds policy will be implemented. The amount of Federal Financial Aid that a student earns is determined on a pro-rated basis. Once the student has completed more than 60% of the payment period, all Financial Aid assistance is considered to be earned. This policy will calculate the amount of Financial Aid funds earned by the student during their attendance in school. The withdrawal date is defined as the actual date the student begins the institution's withdrawal process or the student's last date of an academically related activity. The school will calculate the amount of Title IV Aid that was earned based on the payment period. The institution will determine:

- The Title IV Aid disbursed or that could have been disbursed.
- The percentage of Title IV Aid earned by the student.
- The amount of Title IV Aid earned by the student.
- The total Title IV Aid to be returned or disbursed as a post withdrawal disbursement.
- The amount of unearned Title IV Aid to be returned by the school.
- The amount of unearned Title IV Aid to be returned by the student.

The school will process all refunds in the following manner:

- Any refund will be made first to the William D. Ford Federal Direct Unsubsidized Loan up to the amount disbursed.
- Any additional refunds will be made to the William D. Ford Direct Subsidized Loan up to the amount disbursed.
- Any additional refunds will be made to the William D. Ford Federal Direct PLUS Loan up to the amount disbursed.
- Any additional refunds will be made to the Federal Pell Grant Program up to the amount disbursed.
- Any additional refunds will be made to the Federal Supplemental Opportunity Grant Program up to the amount disbursed.
